Approved For Release 2002/07/15 : CIA-RDP80-00810A002300060001-9

The transfer to East-Berlin of units of the division from Bad Freienwalde in mid-July accounts for the movements observed.

It is the impression that the division, at present, will not return to the Templin training area but will be stationed at its posts and in Berlin. Except for this division, however, the Templin training area appears to be occupied as previously after the end of the rebellion.
